

hendercare

Keen to learn more about our services and how our trained team can assist you to stay safely at home, longer?

Head to hendercare.com.au to watch video testimonials and learn more about the HenderCare difference!

Changes are coming to aged care in 2025!

The Australian Government plans to introduce a new Support at Home Program from 1 November 2025, which will replace the current Home Care Packages and Short-Term Restorative Care programs.

To find out more, be sure to visit our information page by scanning the QR code or visiting hendercare.com.au!

At HenderCare, we're dedicated to delivering respectful, reliable, and personalised support that puts your wellbeing first, every day.

Giving our all for health and community care.

Support at Home

In-home aged care that fits around your life.

www.hendercare.com.au

Why HenderCare?

At HenderCare, you're in control of your care. Our locally trained and friendly staff support your independence by offering reliable care tailored to your needs, goals and preferences.

Founded in 2004, we are a trusted national provider supporting thousands of older Australians across metropolitan and regional communities.

"I can sincerely say HenderCare is an exceptional service provider. They are caring, listen to their clients and always try to do their best."

- Helen, HenderCare Client 2024

Our Services

We offer flexible, high-quality aged care services.

Clinical Supports

We offer health care services delivered by qualified clinicians to support your medical needs and ongoing health management, including nursing care and allied health services.

Independence

Our services to support independence assist you in managing daily life, whether at home or in the community. These services include: personal care, social support, transport and respite care.

Everyday Living

Our everyday living services will help you maintain a safe, clean, and comfortable home environment. Our services include domestic assistance, meal preparation, and home and garden maintenance.

Caring Support Partners

Whether you're focused on health, social connection or mobility, our Client Support Partners will work with you to create a personalised plan that fits your life. With support, where needed, from our Clinical Support Partners, we'll ensure your care is safe, flexible and aligned with your goals.
