Private therapy services

Our therapy services provide you with access to qualified professionals from a range of disciplines including occupational therapy and speech pathology.

Our team of passionate and caring therapy staff adopt an individualised approach, meaning your needs and goals are at the centre of all we do.

Our private therapy services can assist you with gaining access to the NDIS, or increasing your independence at school, work or your choice of vocation. .

Access to qualified therapy professionals

To find out more about our private services, simply contact our therapy team on 1300 764 433 to discuss how we can assist you.

Did you know?

If you are on a Chronic Disease Management Plan (CDMP), or, if you have private health cover, the cost of your therapy sessions may be partly covered. Please ask our team for more information.
